CMD CNTR

Remote

WordPress + JavaScript Developer

03/2022 - Present

WordPress Web Business Management Consultancy

- Optimized website architecture to ensure search engine crawlers index content, resulting in a 20% boost in organic traffic.
- Collaborated with a cross-functional team to align visual elements with branding and design.
- Created and managed email marketing campaigns.
- Debugged, tested, and maintained existing codebase.

Projects

LingoWorld

Present

Conceptualized and executed a responsive web application inspired by language exchange events, showcasing modern design and interactive features.

- Developed using Next.js (React), TypeScript, and Tailwind for an intuitive user experience and streamlined design.
- Implemented dynamic city search functionality with grid and list view options, enabling easy and user-friendly navigation.
- Designed a responsive contact form and integrated placeholder functionalities for user accounts and profiles.

Tropicool

Present

Revamped Website for an Artisanal Ice Cream Brand

- Improved the online presence of a local ice creamery, leveraging modern web technologies for faster and more responsive user experience.
- Designed a fresh, user-friendly UI with an island-inspired theme to captivate audiences and elevate the brand's visual identity.
- Proactively identified brand's technological needs and offered solutions, reinforcing the site's future scalability.

Tech Stack

React.js · Next.js · Redux · Javascript · Typescript · CSS · Tailwind CSS

Database · API Integration · Node.js · MongoDB

SEO Optimization · Accessibility · Responsive Design · UI/UX

Strengths

Clean & Organized Code

Organized with an attention to detail. Ability to spot even the smallest inconsistencies to ensure the quality of the final product.

Teamwork & Communication

Adept at working in Agile teams to achieve project goals. Jira for project management, communication channels such as Slack, Zoom, and email.

Time Management

Capacity to prioritize tasks, meet deadlines, manage workloads. Timely completion of development projects while delivering high-quality results.

Certification

React & JavaScript — Codecademy 2021
