SQL · API Integration · Node.js · MongoDB · Version Control (Git) · GitHub

SEO Optimization · Accessibility · Responsive Design

Projects

LingoWorld
https://lingoworld.vercel.app/

Conceptualized and developed a responsive web application inspired by a language exchange event, showcasing modern design and interactive features.
- Built using Next.js (React), TypeScript, and Tailwind for an intuitive user experience and streamlined design.
- Implemented dynamic city search functionality with grid and list view options, enabling easy and user-friendly navigation.
- Designed a responsive contact form and integrated placeholder functionalities for user accounts and profiles.

Tropicool
https://tropicooltreats.vercel.app/

Revamped Website for an Artisanal Ice Cream Brand
- Improved the online presence of a local ice creamery, leveraging modern web technologies for faster and more responsive user experience.
- Designed a fresh, user-friendly UI with to captivate audiences and elevate the brand's visual identity.
- Proactively identified brand's technological needs and produced solutions, reinforcing the site's future scalability.

Experience

CMD CNTR	Remote
WordPress + JavaScript Developer	03/2022 - Present

- Built and maintained WordPress e-commerce sites with Elementor, customizing sections with CSS and JavaScript.
- Collaborated with a cross-functional team to align visual elements with branding and design.
- Assisted in updating the CMD CNTR existing codebase from vanilla CSS to Tailwind.
- Optimized website architecture to ensure search engine crawlers index content.
- Created and managed email marketing campaigns.

Strengths

Teamwork & Communication	Clear Structured Code	Version Control
Adept at working in Agile teams to achieve project goals. Jira for project management, communication channels such as Slack, Zoom, and email.	Organized with an attention to detail. Ability to spot even the smallest inconsistencies to ensure the quality of the final product.	Proficient with Git and GitHub, ensuring smooth collaboration with team members and safe, versioned code storage.

Certification

React & JavaScript — Codecademy 2021
